WELCOME

Dear Doctor,

Congratulations on taking the first step toward a career in dental implantology, and I'd like to personally thank you for your interest in the Dental Implant Surgical Seminar (DISS).

Bellow you will find information about DISS faculty, program schedule and hotel accommodations. We look forward to working with you to advance your career.

Sincerely,

Dr. Omid Termechi

Dr. Omid Termechi is a leading practitioner, educator and innovator in implant dentistry. With offices in Astoria, Queens and Lawrence, New York (Long Island), he provides the full range of general, implant and cosmetic dentistry services. Both offices are equipped with state-of-the-art dental chairs and technology such as low-radiation X-Rays and 3D CT scanners. Using minimally invasive pain-free procedures, Dr. Termechi restores smiles and works closely with his patients to help them maintain their dental health.

Dr. Termechi received his D.D.S from the New York University College of Dentistry in 1998. He completed General Practice Residency programs at the Interfaith Medical Center and at the Kingsbrook Jewish Medical Center, both in Brooklyn, NY. He also completed a two year, full-time Fellowship in Oral Implantology and Biomaterials at the Brookdale Hospital Medical Center in Brooklyn, NY.

Dr. Termechi is an Attending at the Brookdale Hospital Medical Center, Department of Oral Implantology and Biomaterials. He is an Assistant Professor at the Implant Department of New York University College of Dentistry. He was an ADA CELL Seminar Series Lecturer from 2005 to 2015.

Dr. Termechi has achieved an Associate Fellowship status in The American Academy of Implant Dentistry (AAID) as well as Fellowship and a Diplomate status in the International Congress of Oral Implantology (ICOI).

BENEFITS OF DISS COURSES

Lectures by veteran practitioners who have placed thousands of implants and held academic positions in implantology at highly regarded institutions such as the New York University College of Dentistry. Digital lecture files are provided to each participant.

Surgery All participants get a hands-on surgical experience, typically placing at least 20 implants in live patients. All surgeries are performed at the state-of-the-art UFM facility and are supervised by the DISS team of implant surgeons.

Workshops The seminar participants will have access to dental workshops and all necessary instruments, equipment, artificial jaw, etc.

Certificate of Completion All participating doctors will receive a certificate of completion at the end of the seminar.

Hotel Accommodations & Amenities. *Three days of breakfast, lunch and dinner. Pick-up and drop-off at the Guatemala City airport. Participants are responsible for their own travel to and from Guatemala City. Participants interested in extending their trip or scheduling extra-curricular activities can contact DISS surgical coordinator Ana Raquel Arreaga (+ 502 5412 5109)*

PREPARATIONS

1. Make sure your passport has more than six months before expiration.
2. Email your itinerary and a copy of your passport to dentalimplantsurgicalseminar@gmail.com with the subject line: e.g., Dr John Smith Itinerary and Copy of My Passport.
3. Don't forget your dental loops and light if you have any.
4. Bring comfortable shoes or sneakers.
5. Bring a few scrub tops with you.
6. Bring a laptop that meets the minimal requirements for BSB software. Download the software to your laptop at www.Blueskybio.com.
7. Make sure you have WhatsApp installed on your phone. Add +1 5163958837 for messages in continental USA and +502 3014-8007 in Guatemala.
8. Everyone will be picked up from the airport in timely fashion, but, if there is any delay, please be patient.
9. From the airport, you will be taken to the hotel for check-in. The hotel will have your reservation details.
10. Check-in time at the hotel is 3pm, and check-out is 11am.
11. Sunday night meals are not covered by DISS. You can choose from three different restaurants at the hotel.
12. Breakfast is served at the hotel, so please set your alarms; you need to be ready for pick-ups at 7:30 am.
13. Please be considerate to your fellow participants and arrive on time for transportation to and from the hotel.
14. We are trying to give every participant the opportunity to place an equal number of implants. The DISS faculty will assign patients based in part on the level of difficulty and the participant's level of prior experience with implants. Patients can be exchanged between doctors during surgery to give equal opportunity for implant placement.
15. For your ICOI fellowship case documentation, you should bring your intraoral camera (if you have), mirrors and retractors.
